M4PD

M4PD IS A MOVEMENT FOR EVERYONE!

In the US today, the rich are getting richer while the poor get poorer. Wages have been declining for over 40 years. Billions go to funding war while Americans starve.

Are you a parent struggling to feed and shelter your children?

Are you a worker fed up with long hours and how you're being treated?

Are you a small business owner upset at the government giving big corporations tax subsidies?

Are you a citizen concerned with a heating climate, both politically and environmentally?

Join Us!
